MEET ROCKY THE RECYCLING RACCOON

This book belongs to

**Hi, I'm Rocky! I'm a raccoon and
I'm into recycling!**

**Do you know that recycling is really important for all
of the people and animals on the planet?**

Recycling is easy and fun!

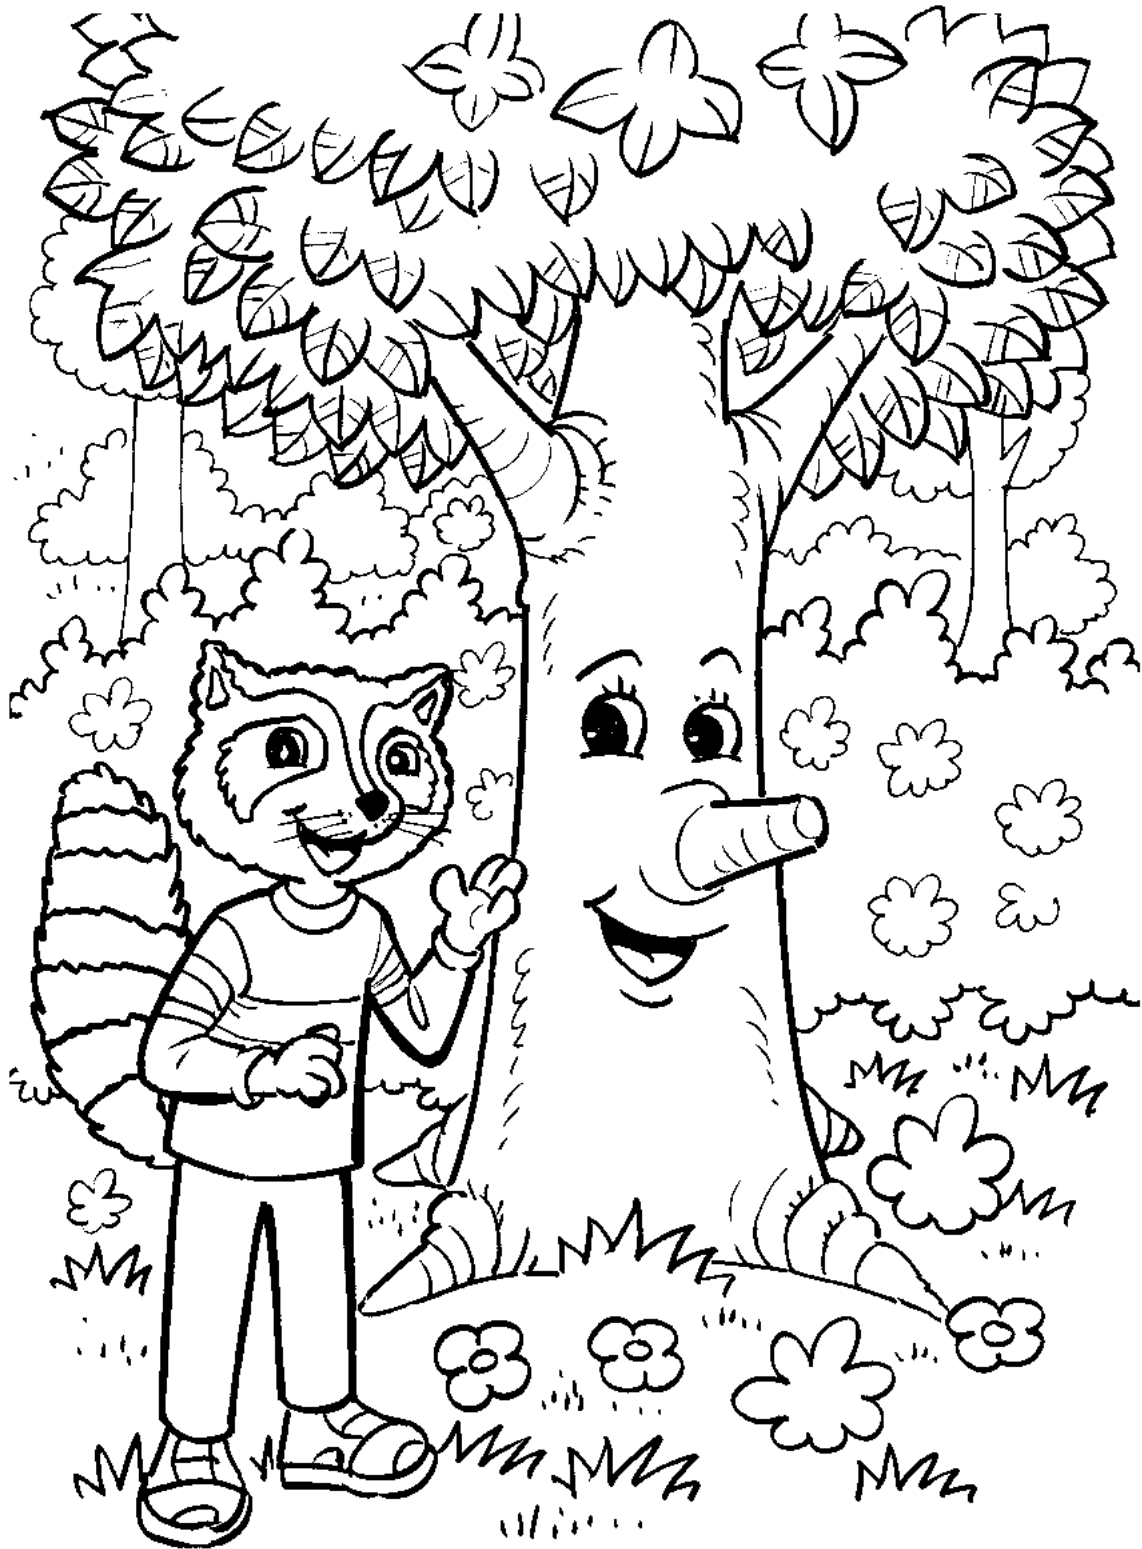

Get started by saving cans and bottles and paper and put them in the recycling bin.

Reuse plastic bags from the grocery store.

Use 'em for your lunch or to pick up litter. Or better still – ask your family to use cloth bags when they buy groceries.

Save paper and save trees!

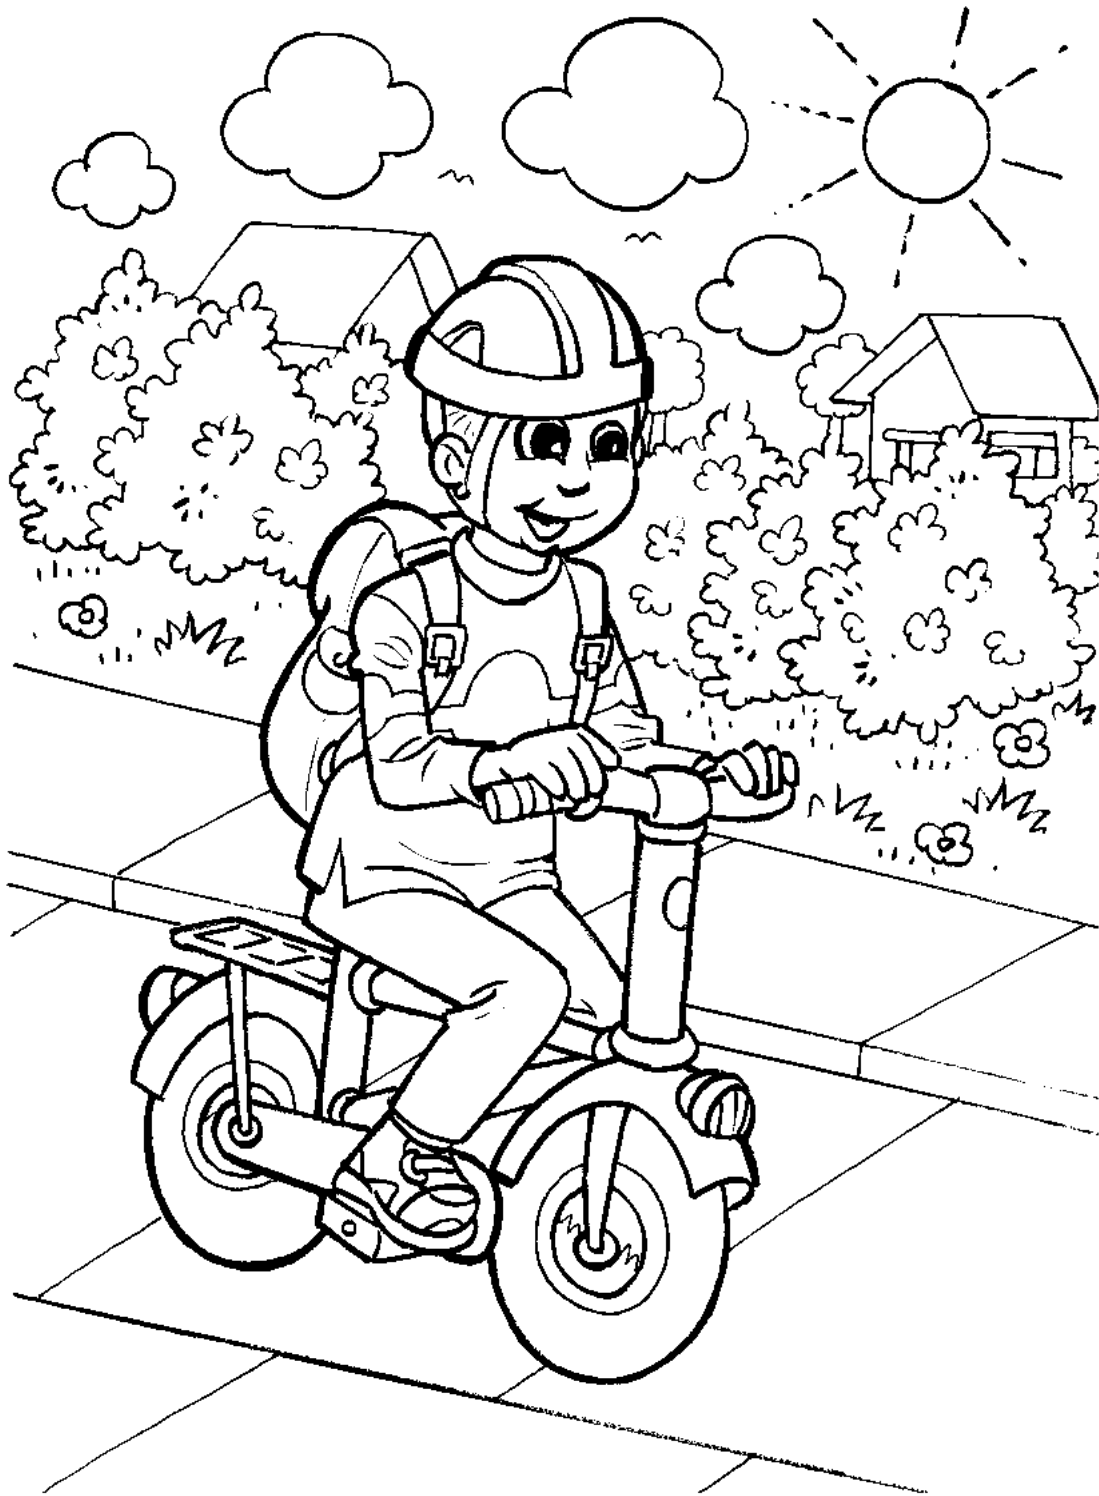

Use both sides of a page when you're writing or drawing pictures.

**Did you know that glass never,
ever wears out?**

**It can be recycled, well, forever!
Always recycle glass bottles.**

**There's a lot to do to help keep
the air clean.**

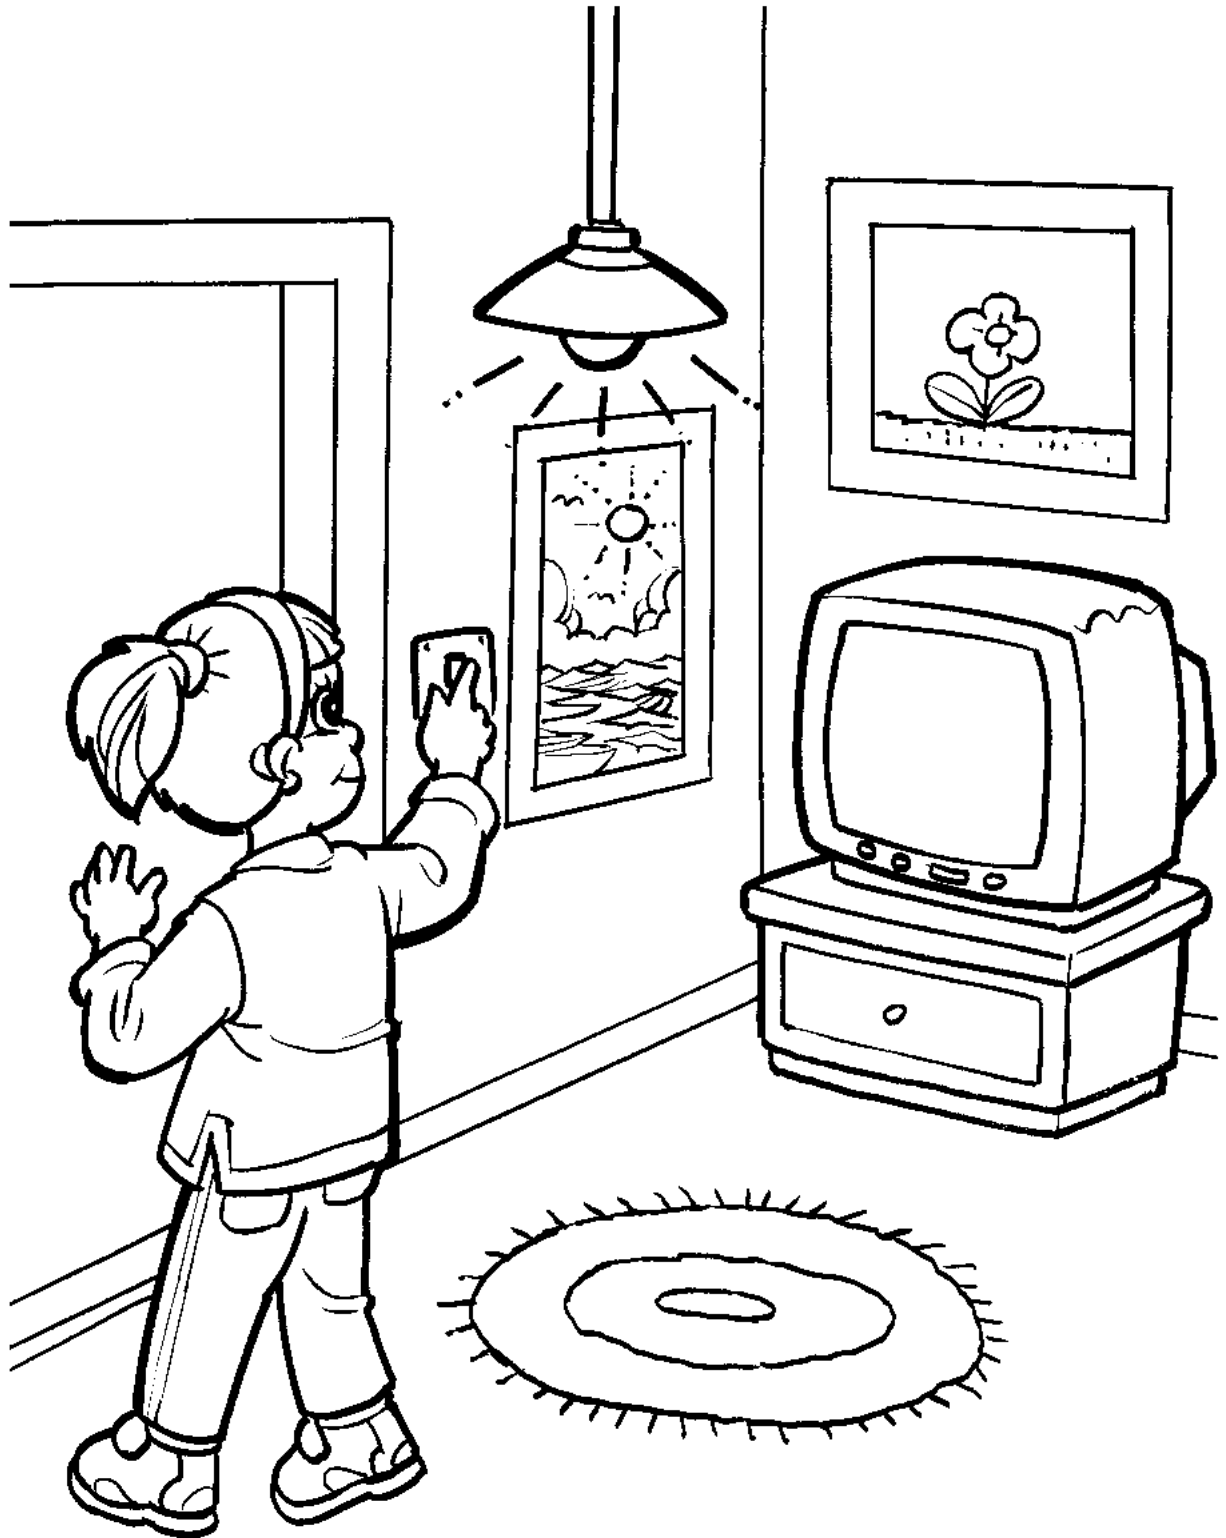

**Ride your bike or walk to school. Too many cars
make a lot of air pollution.**

Save water!

Never keep water running while you brush your teeth.

Save energy!

Remember to turn off lights and the TV when you leave the room. And decide on your snack before you open the fridge. It wastes energy when you keep the door open.

Recycle all your cans!

**Every year we throw away enough metal to make
all the new cars in America!**

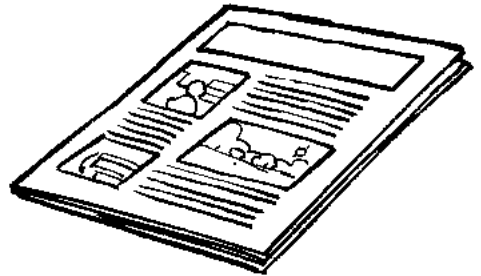

**We can do a lot to help our environment.
After all, it's our world! We have to take
care of it!**

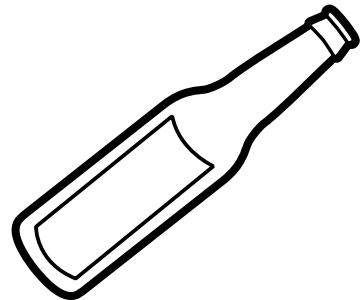

Make your own recycling center.
