Saving Energy & Water

An Educational Coloring & Activity Book

**Everyone must do their part to
preserve and protect the
environment. You can help too!**

Plants, animals, and people count on the earth's environment to help keep them alive. It is important not to use up or destroy the earth's natural resources. Two very important ways you can help save our world are by conserving energy and water.

**Unscramble
the
words.**

1. cerylce _____

2. nemrevonitn _____

3. rnvoactisoen _____

4. alnsiam _____

5. erevrpes _____

6. ratnlua _____

7. bonrhehoiogd _____

8. utoiploni _____

ANSWERS 1. recycle 2. environment 3. conservation 4. animals 5. preserve
6. natural 7. neighborhood 8. pollution

Changes in nature
affect the earth.

Many things can affect our planet earth. Some natural changes are storms, wind, earthquakes, floods, or even lack of rain (this is called a drought).

**What are some other ways
you can conserve water?**

Make a list below.

**What are some other ways
you can conserve energy?**

Make a list below.

Help conserve water!

There are many ways you can conserve water every day.

Take shorter showers!

Wash only full loads of laundry or dishes!

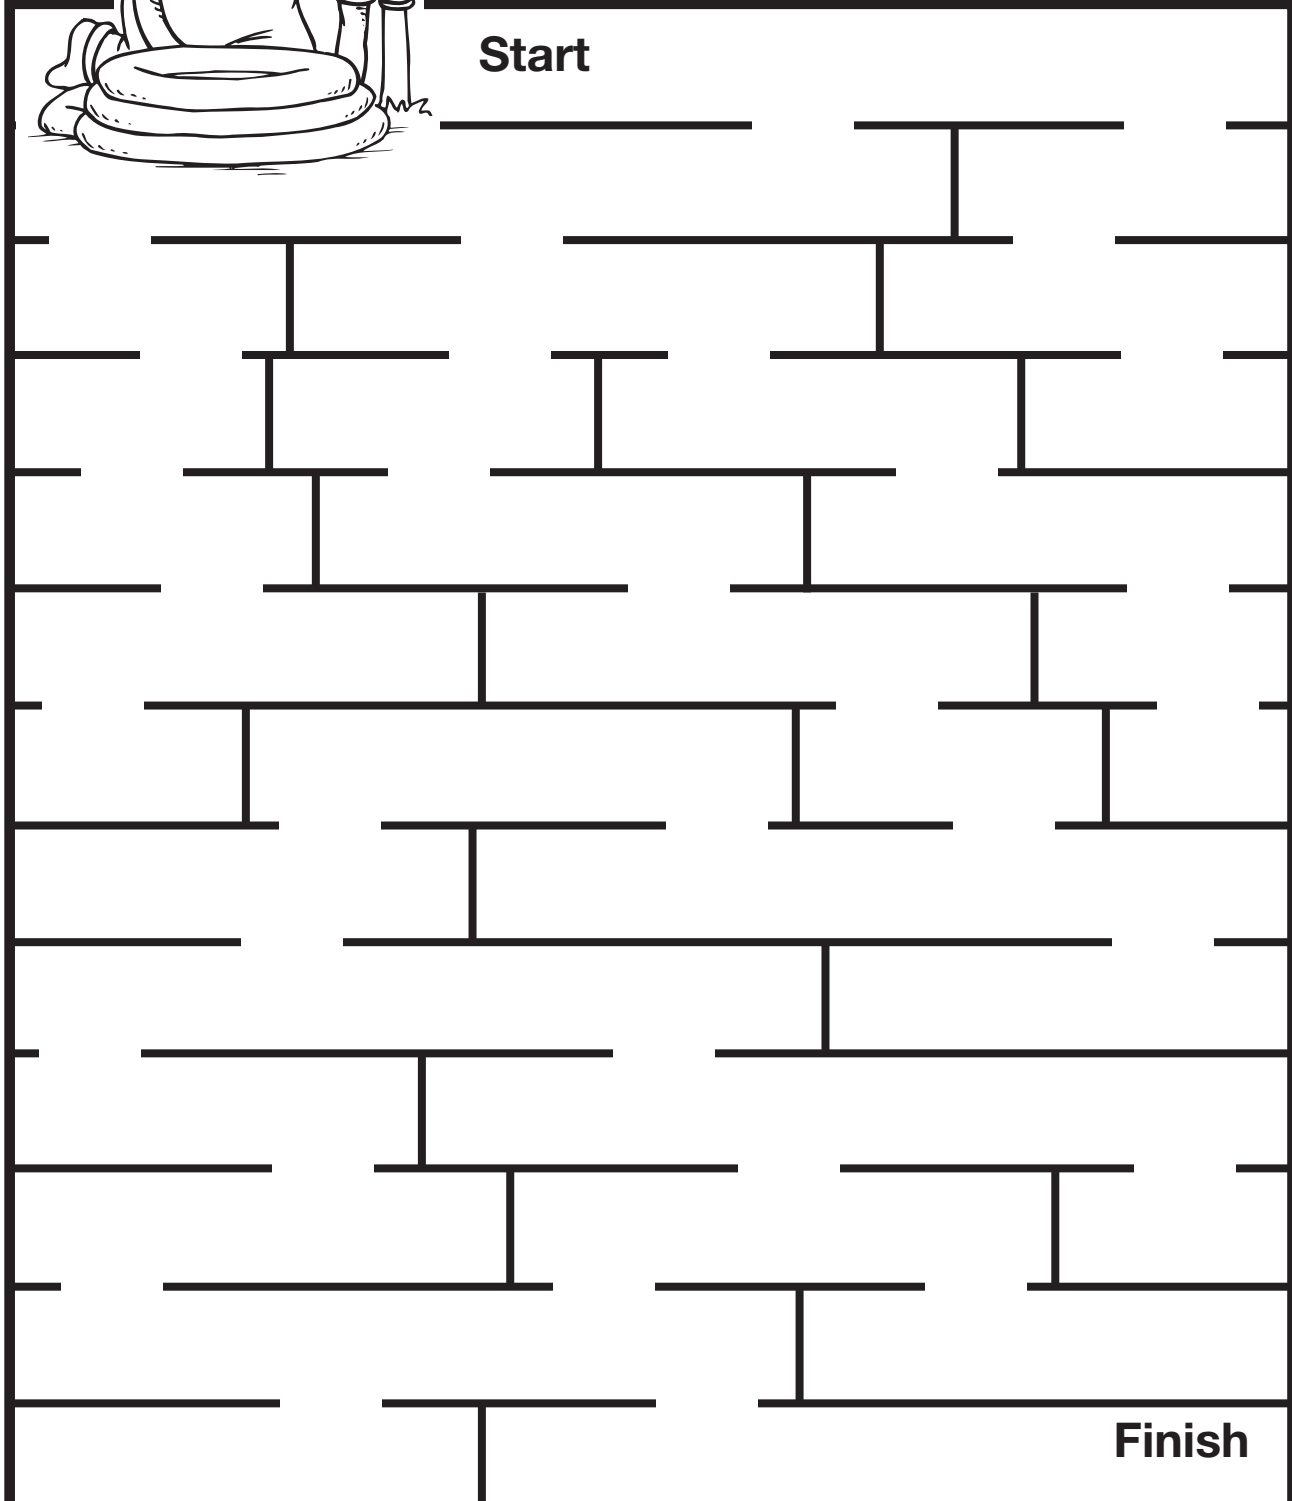

Fix leaky faucets!

Turn off the faucet while scrubbing your teeth or washing your hands. It will waste water to leave the faucet running.

**Find your way
through the maze!**

Start

Finish

**Save water
and energy!**

It is a good idea to wash only full loads of clothes in your washing machine. This will help to conserve both water and energy!

**Separate your
recyclable items
into special
containers. Do not
mix with trash.**

**Recycling
helps!**

You can help by recycling. Some neighborhoods will pick up your recyclable items with your trash. You can also find where your local recycling center is and drop off your items.

- 1 = a
- 2 = b
- 3 = c
- 4 = d
- 5 = e
- 6 = f
- 7 = g
- 8 = h
- 9 = i
- 10 = j
- 11 = k
- 12 = l
- 13 = m
- 14 = n
- 15 = o
- 16 = p
- 17 = q
- 18 = r
- 19 = s
- 20 = t
- 21 = u
- 22 = v
- 23 = w
- 24 = x
- 25 = y
- 26 = z

Match the letters to the numbers and write the secret message!

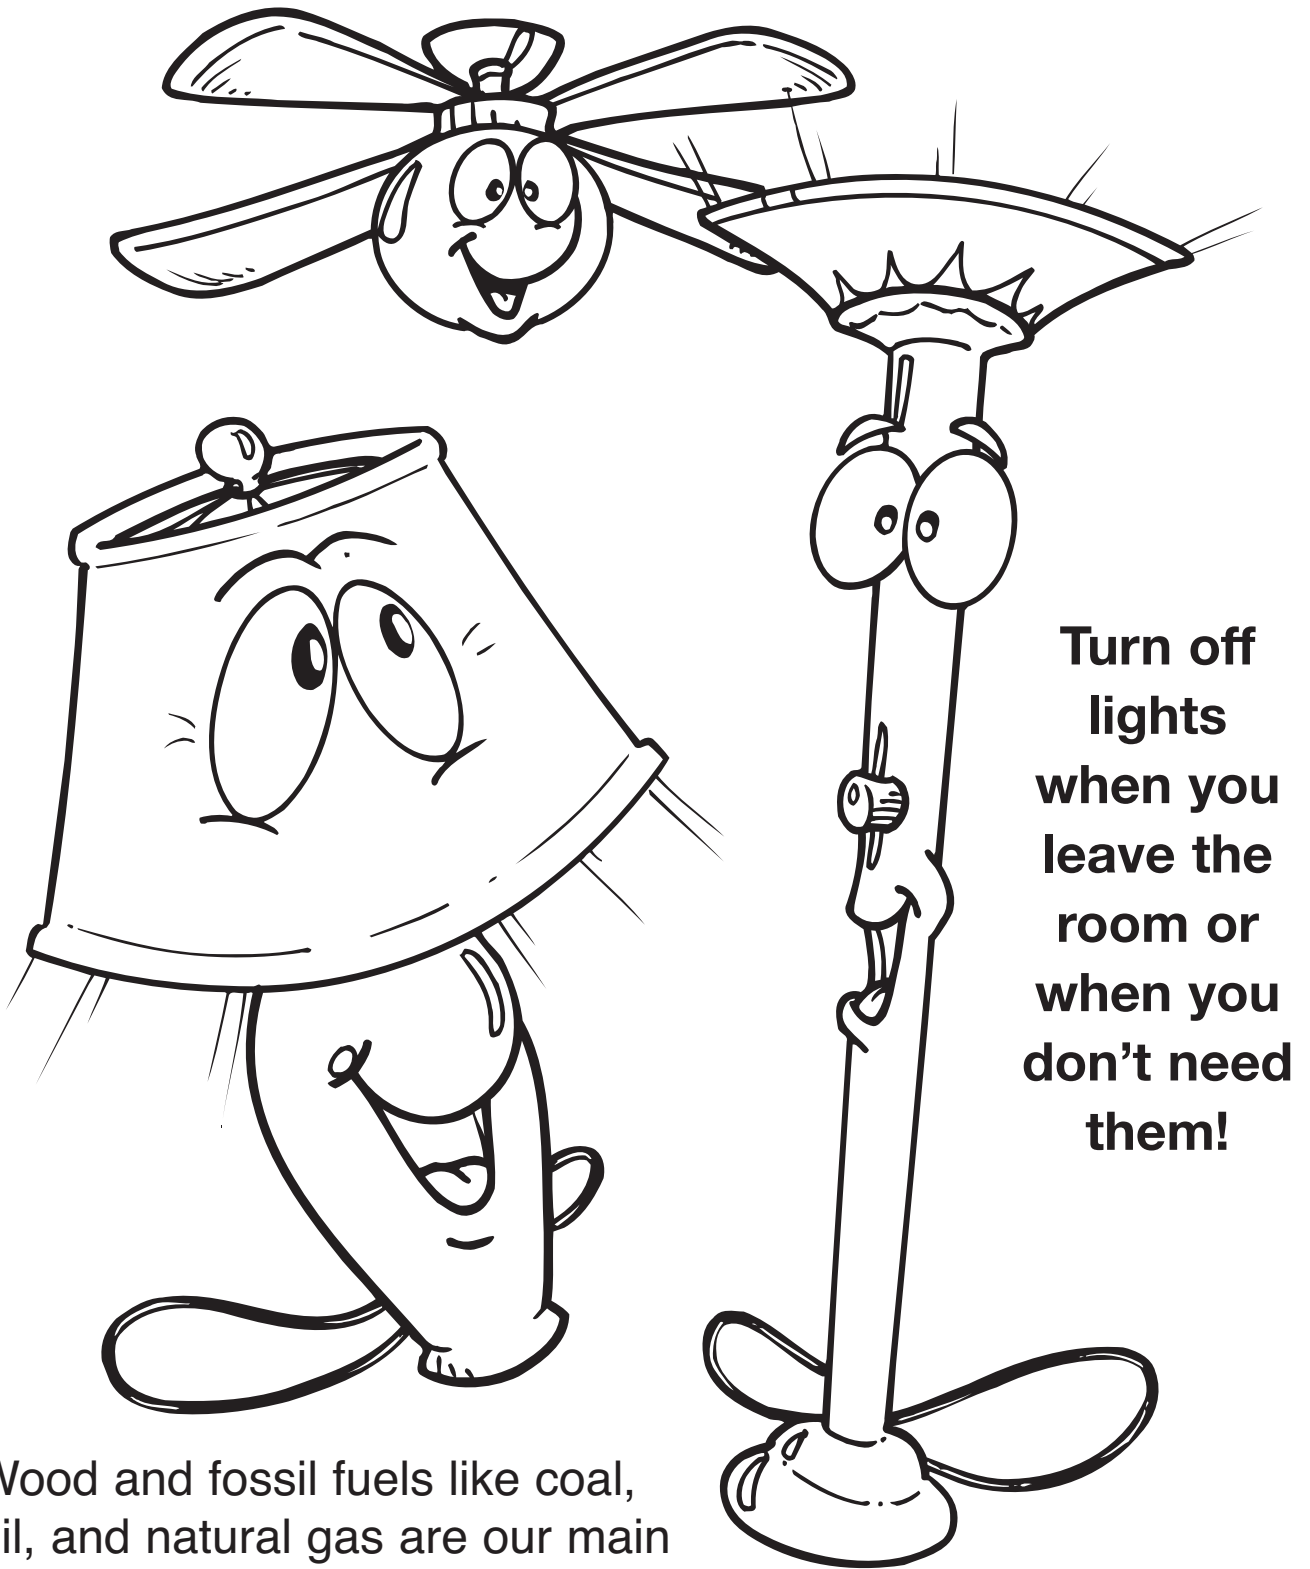

19 1 22 5

15 21 18

16 12 1 14 5 20 ■

25 15 21 3 1 14

8 5 12 16 20 15 15 !

**Turn off
lights
when you
leave the
room or
when you
don't need
them!**

Wood and fossil fuels like coal, oil, and natural gas are our main sources of energy. We need to conserve these sources of energy. We also use water and solar power. We need to produce energy without polluting the environment. Conserving energy also helps control pollution.

**Find and circle
the words in the puzzle.**

**Find the line that
will help the bear
recycle!**

**It is important for all of us to help
take care of our environment and
energy needs.**

Conserve energy and water.

Re-use and recycle!

Use cleaner methods to produce energy.

You can help!

Saving Energy & Water

I, _____, will
(PRINT YOUR NAME)

do my part to take good care of
our planet. I will try to help by
recycling and saving
energy and water.
