**It is important to
know how to call 9-1-1
for help in an
emergency!**

When you call 9-1-1 for an emergency, it is important to speak clearly and try to remain calm. Try to provide as much information below and keep it near your phone.

Emergency Numbers

Police Dept

Fire Dept

Hospital

Poison Control

Doctor

We're ready to help you!

Emergencies are when you are very sick or hurt so badly that you need help right away. Call 9-1-1 when there is an emergency and the operator will tell you what to do while you are waiting for the EMTs to arrive.

Stay calm and speak clearly.

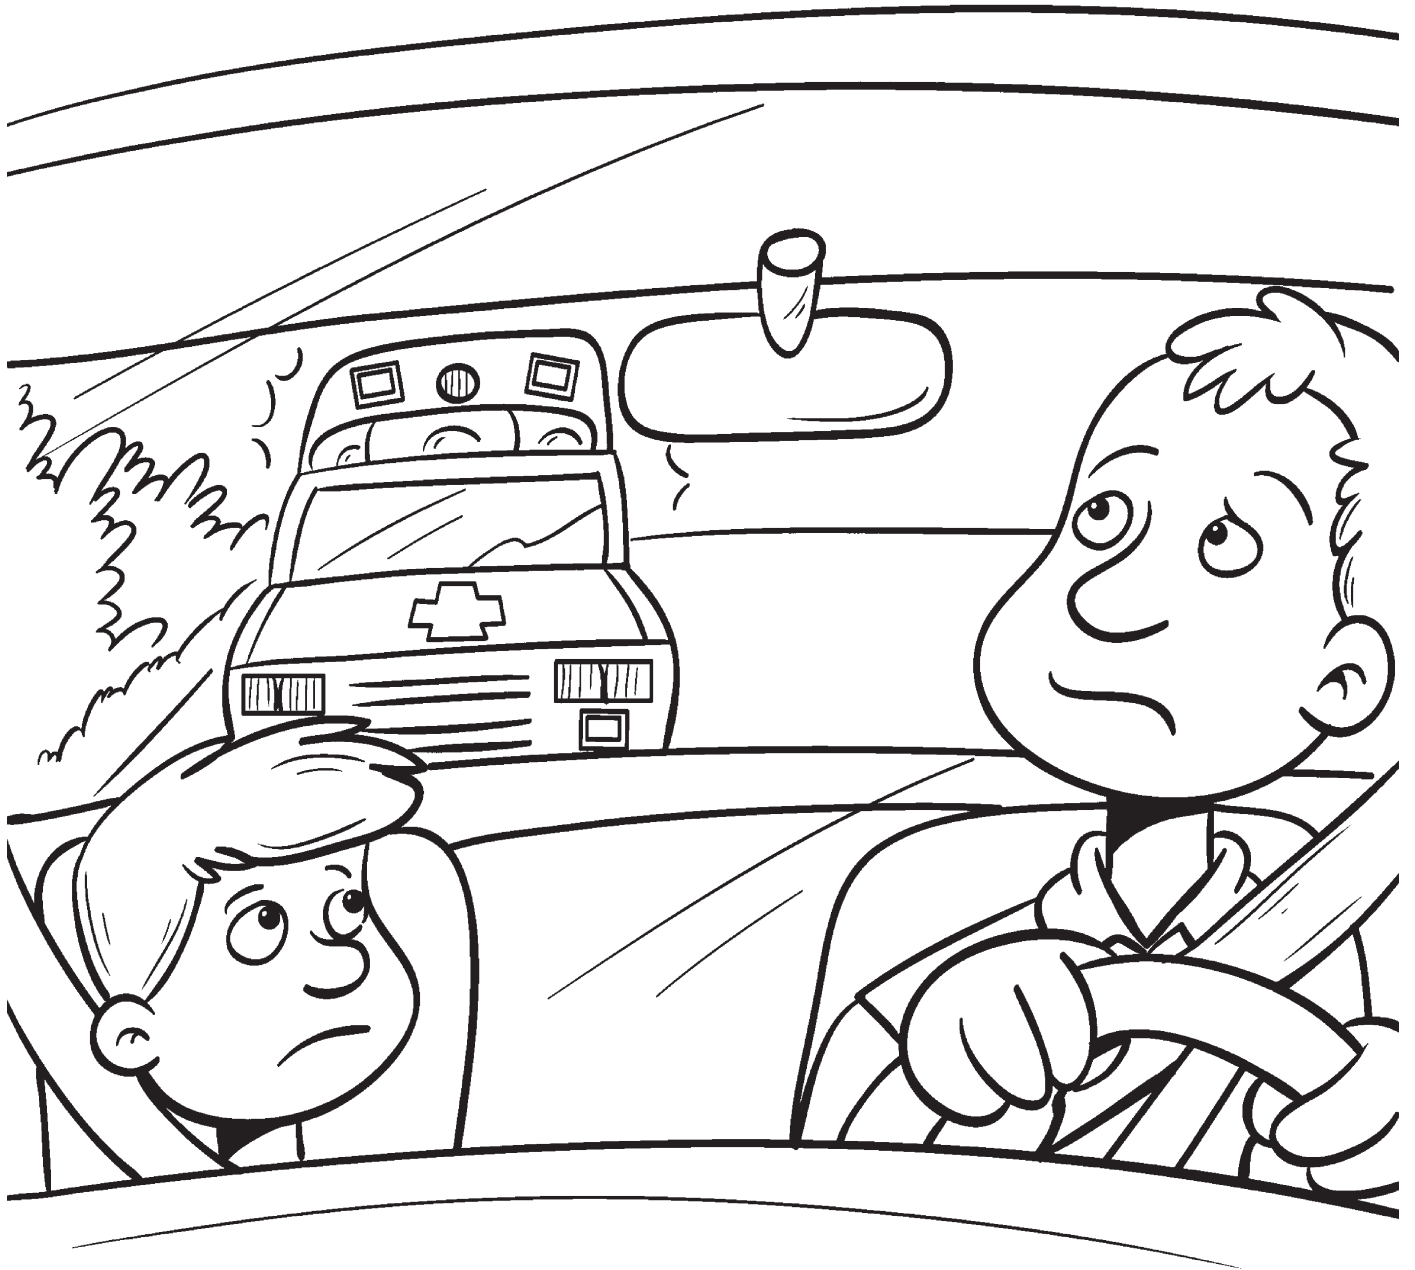

It is very important to learn how to call 9-1-1 if there is an emergency. EMTs are always on duty and ready to help you day or night.

Help is on the way!

EMTs respond to calls quickly and safely. EMTs will arrive in an ambulance that has medical equipment needed for emergency care.

Be considerate of all safety vehicles.

Ambulances are in a hurry when they are on their way to an emergency. If you are in a car the driver should pull to the side of the road and stop until the ambulance has gone by. If you are outside playing and hear a siren, make certain you are safely out of its path.

Connect the dots.

Unscramble the words.

1. ulnacbmae

2. ngecmreye

3. aptoeror

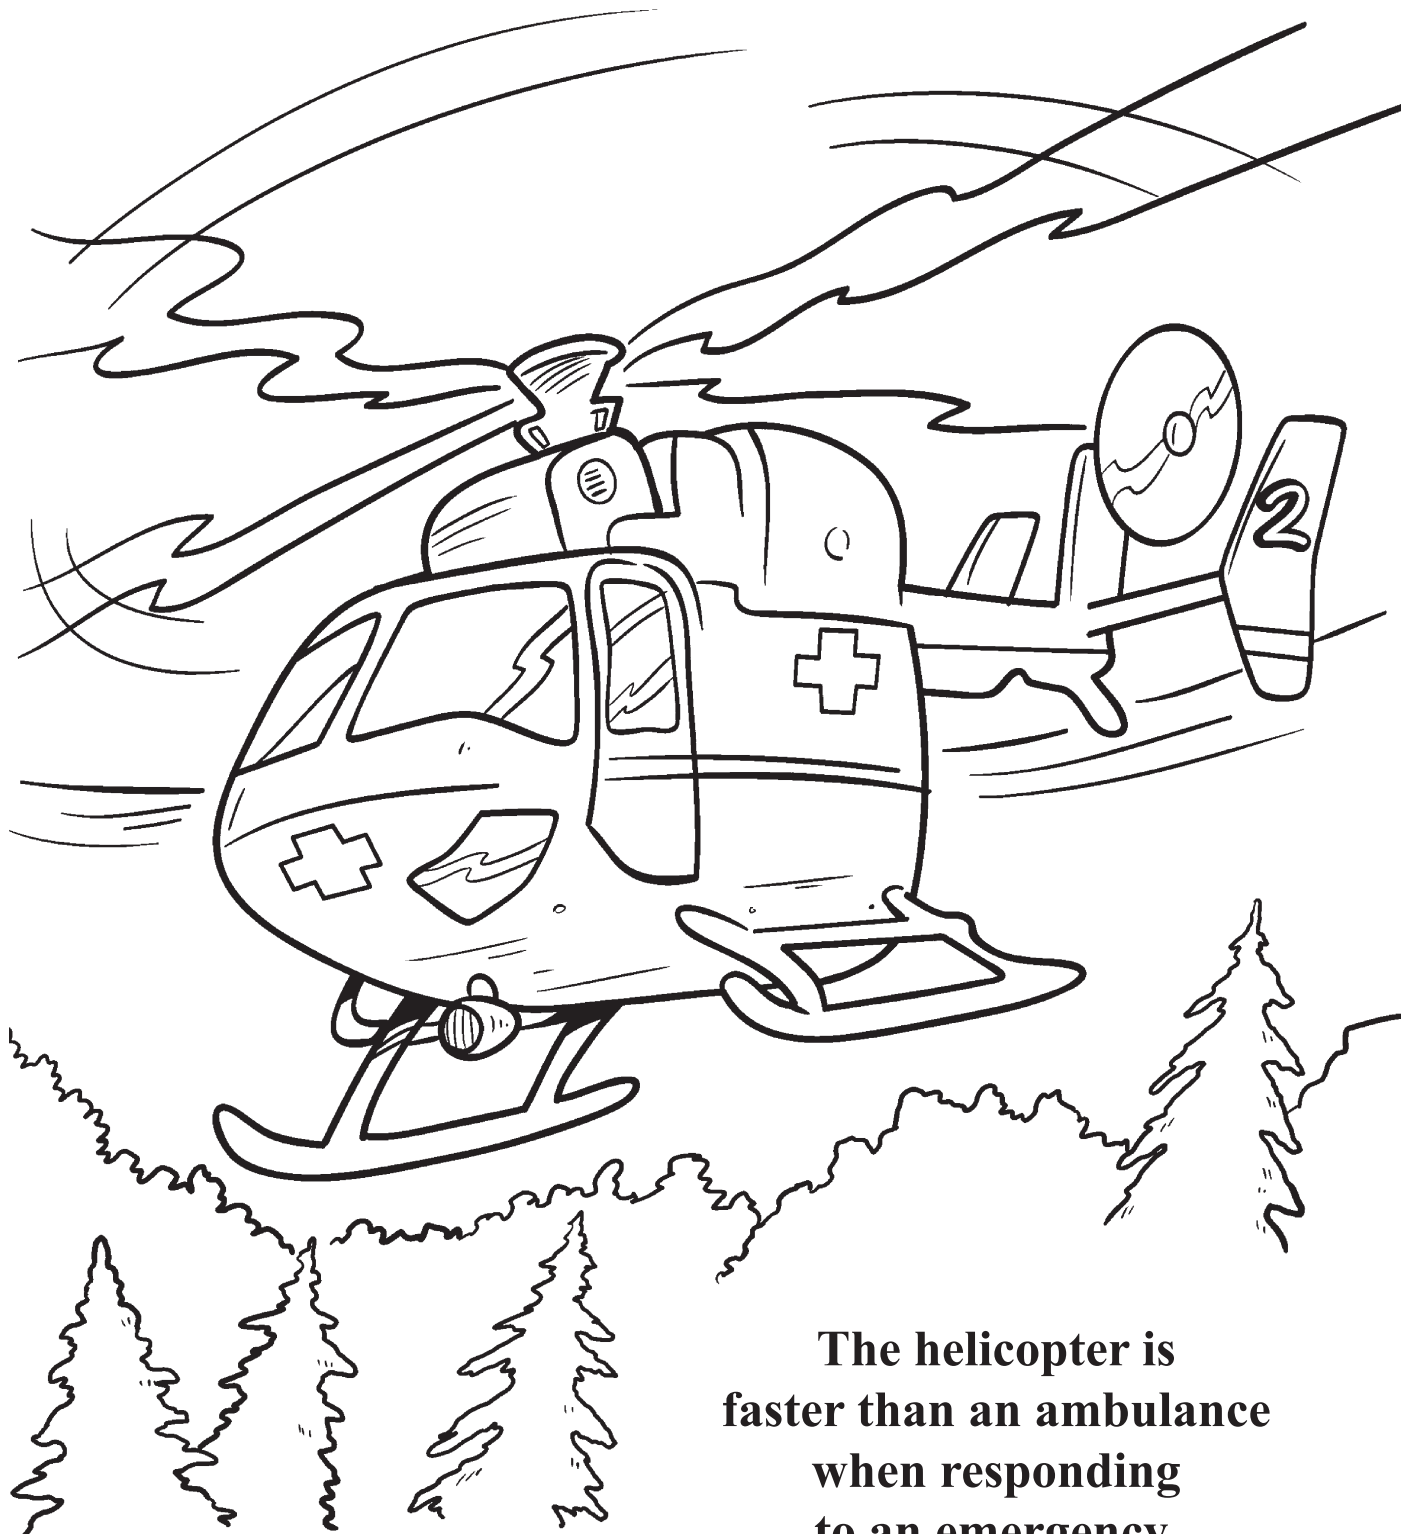

4. ielcdma

5. nitciehacn

6. anirntgi

7. olephtiecr

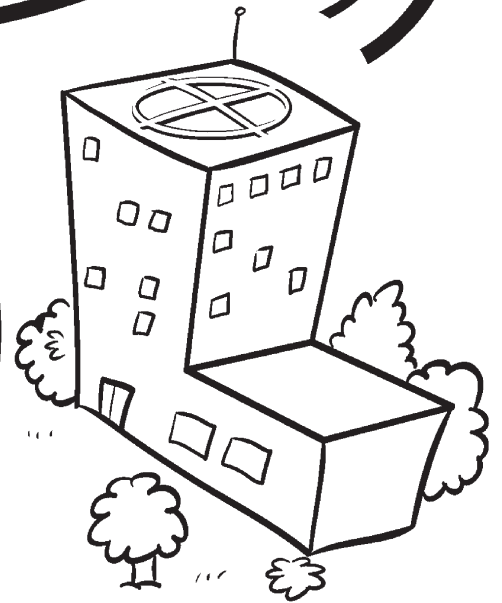

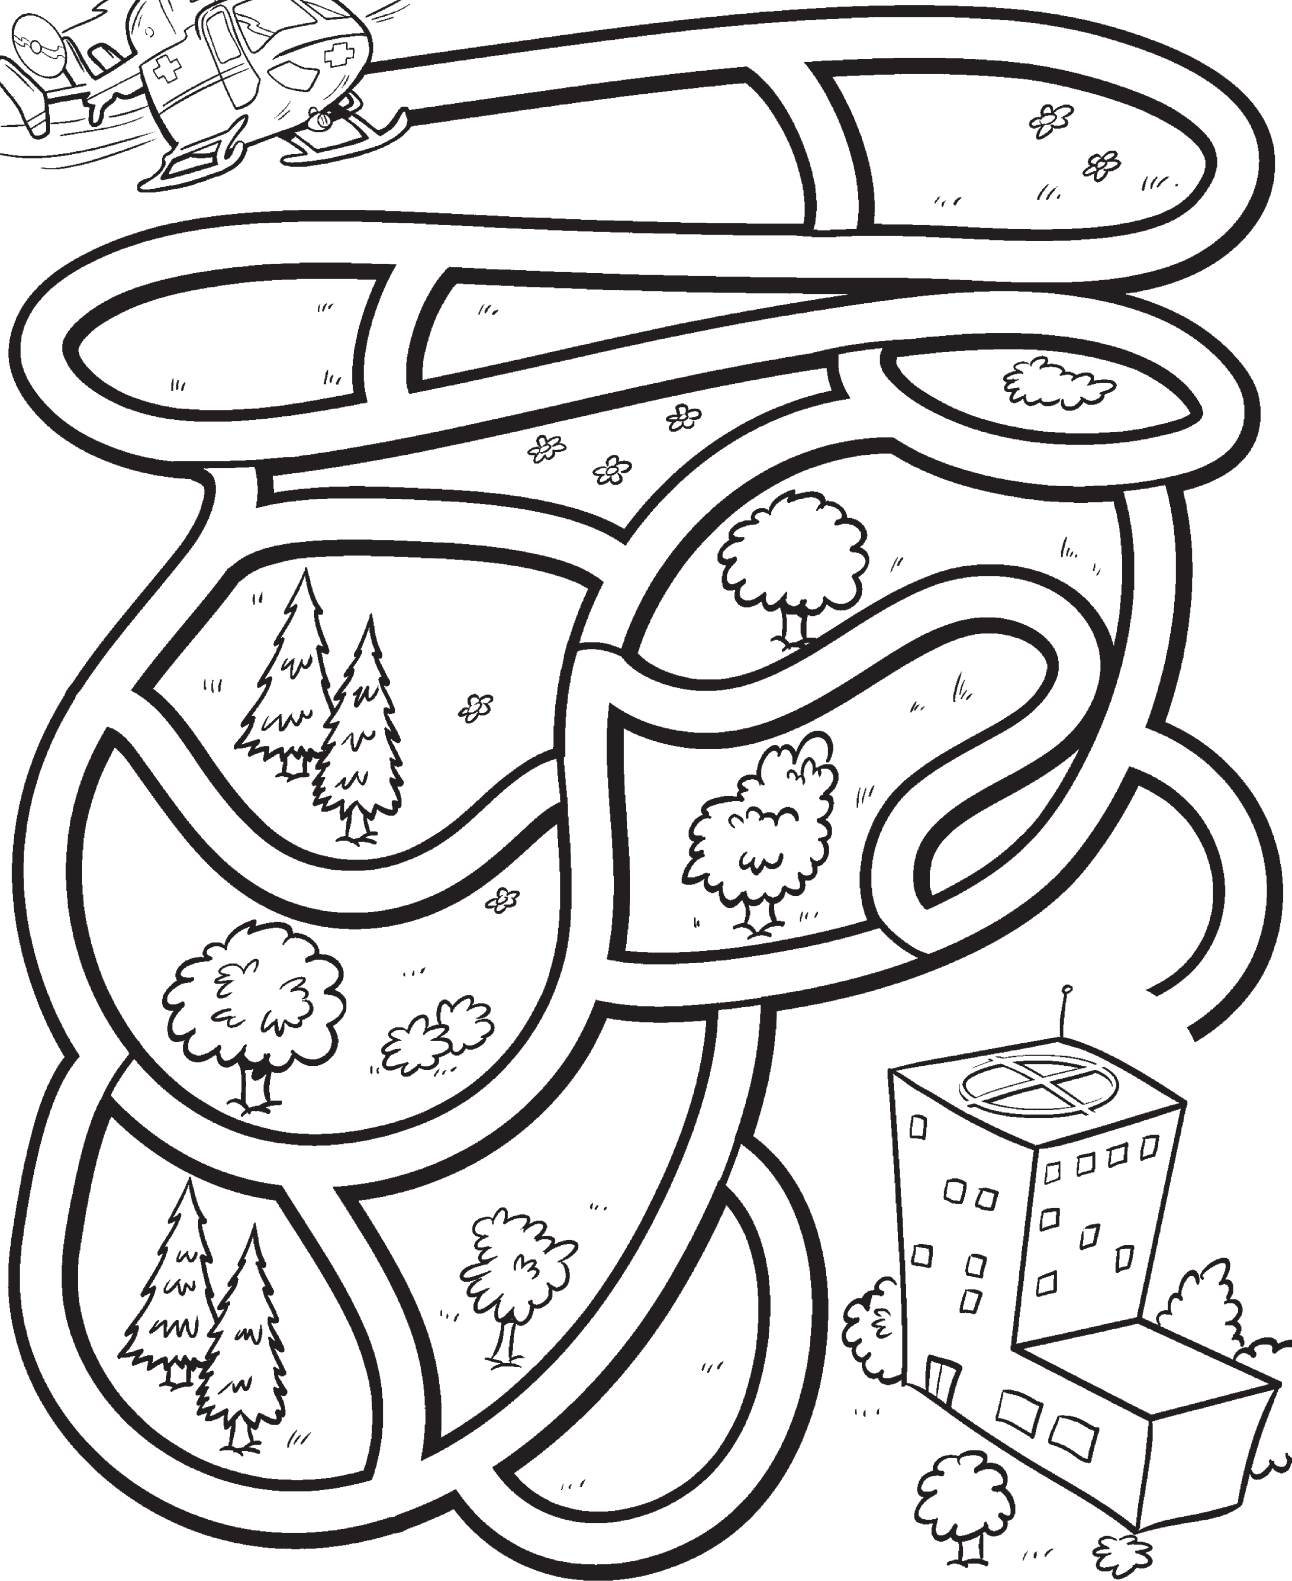

ANSWERS: 1. ambulance 2. emergency 3. operator 4. medical
5. technician 6. training 7. helicopter

**The helicopter is
faster than an ambulance
when responding
to an emergency.**

Sometimes EMTs travel in helicopters. This is a way to transport someone who is injured to another hospital faster and farther in case of an emergency.

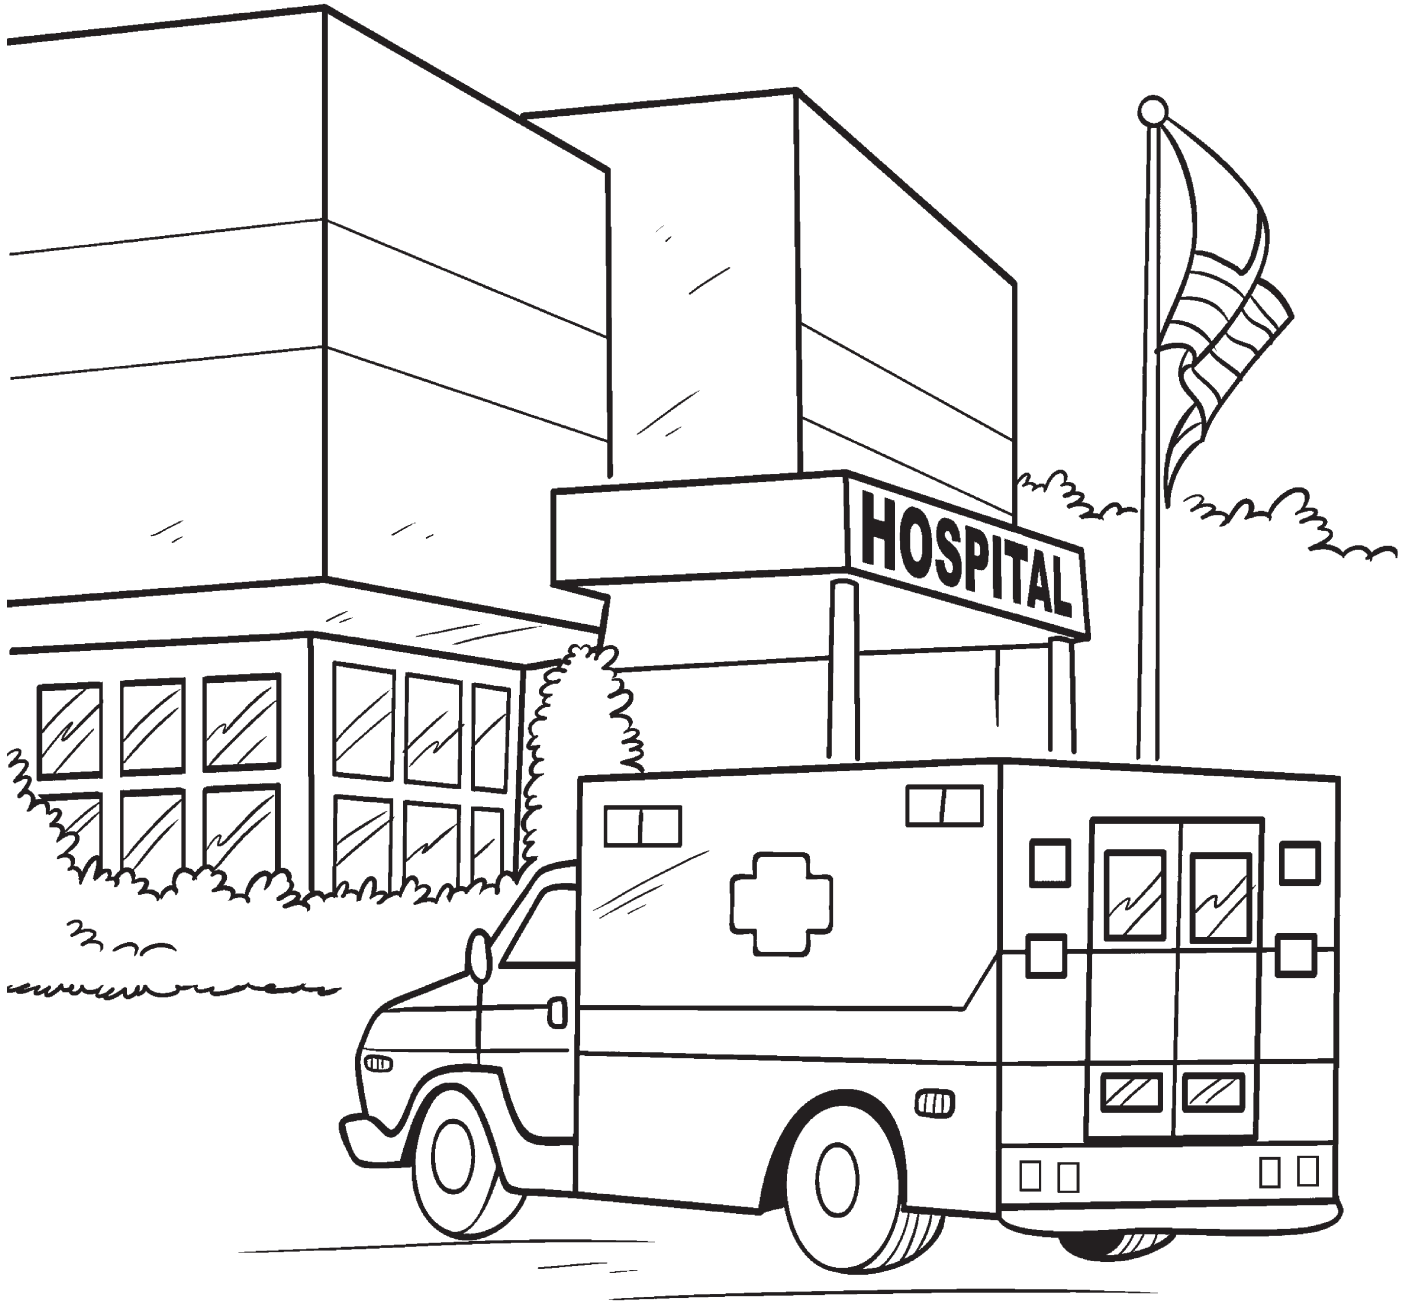

Find your way through the maze.

EMTs are working hard to help people in need.

EMTs save lives!

EMTs will take you to a hospital emergency room where doctors and nurses will take care of you.

EMTs Help Save Lives

I, _____, will
(PRINT YOUR NAME)

practice what to do in an emergency.

**I will know how to call for help and I
will learn basic first aid skills.**
